PROFESSIONAL SUMMARY

Software Engineering student with knowledge in web and mobile application development, databases, and programming. I have academic and hands-on experience developing projects using technologies such as Java, JavaScript, HTML, CSS, and databases, taking part in the creation of applications, websites, and information management systems.

I am a responsible, persevering, and committed person, with an ease for teamwork and a willingness to learn new technologies and acquire new knowledge. I am able to adapt to different work environments, solve problems, and take on new challenges with a proactive attitude focused on continuous learning.

EDUCATION

Software Engineer: Software Engineering

Universidad Cooperativa de Colombia - Medellín | 07/2023 - Present

ACADEMIC HIGH SCHOOL DIPLOMA (BACHILLERATO ACADÉMICO)

Gimnasio Militar FAC Teniente Coronel - Puerto Salgar, Cundinamarca | 2011 – 2022

WORK EXPERIENCE

Hardware Store Assistant / Customer Service

Hardware store - La Dorada, Caldas | 01/2022 - 07/2022

- Fulfilled assigned duties by following specifications accurately.
- Customer service and advice, providing excellent service.
- Met established goals and deadlines for each task.
- Responsible use of equipment and care of the company's material resources.
- Carried out stocking, organizing, and inventory control tasks.

FEATURED PROJECTS

Numi - Offline educational app

Mobile app for children in rural areas without internet access, with an AI assistant that runs on the phone. I took part in the team's planning and structuring of the project.
